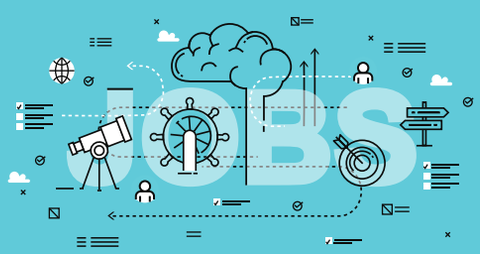
WORLD OF WORK®

FOR COMMUNITY & FAMILIES

Helping students find their place in the World of Work

The Workplace Disconnect

- 7 million unemployed; 6.2 million jobs
- 85% employees not engaged at work
- Millennial unemployment rate twice of national average
- Only 26% say their education is relevant to work



The World of Work Solves The Workplace Disconnect

Help students understand that their unique strengths, interests, and workplace values are needed in the world.

The community and families play an important role in what careers children ultimately decide on. World of Work helps the community and families expand the knowledge of careers that reach their students and the exposure their students have to skills needed to be successful.

Why WoW for Parents & Community

- With the World of Work initiative, students gain broad exposure to a wide variety of careers, preparing them for their futures.
- The initiative integrates exploration, simulations, virtual experiences to meet career professionals, and opportunities for them to practice skills and knowledge they have gained from the different career experiences.
- It's important that children know every career path is dignified and that every child has a place in the workforce.

World of Work nurtures happy kids, living in healthy relationships on a path to gainful employment.

World of Work Network is a space where teachers can access resources, partner platforms, knowledge base and other World of Work bundle options as well as manage their digital subscriptions.
